# CHAIN OF CUSTODY CERTIFICATION (AS4707)

Chain of Custody certification is an audited system that tracks certified material from sustainably managed forests to the final product. This can be recognised through PEFC chain of custody or FSC chain of custody. To attain “Chain of Custody” certification Bone Timber Industries has obtained third party accreditation for PEFC and FSC.

## PROGRAMME FOR THE ENDORSEMENT OF FORESTRY CERTIFICATION (PEFC)

PEFC is the worlds largest forest certification system. The standard seeks to transform the way forests are managed globally and locally to ensure that all of us can enjoy the environmental, social and economic benefits that forests offer.

PEFC has more than 230 million hectares of forest worldwide certified to its sustainability and more than 10,000 companies have achieved PEFC Chain of Custody certification worldwide.

## FOREST STEWARDSHIP COUNCIL (FSC®)

The Forest Stewardship Council (FSC) is an international, membership based, non-profit organisation founded in 1993 by environmentalists, social interest groups, indigenous peoples organisations, responsible retailers and leading forest management companies to develop standards based on the 10 Principles of Forest Stewardship by which responsible forest proactive can be measured.

## AWARDS

2013, 2015, 2017, 2019 TABMA  
**Best Timber Merchant**

Family Business Australia  
**Hall of Fame 2013**

2011 TABMA

## 5 GENERATIONS

1st Generation	George J Bone
2nd Generation	Stanley H Bone
3rd Generation	Lloyd G Bone
4th Generation	Howard J Bone
5th Generation	Chris Bone - Director Andrew H Bone

## A FAMILY AFFAIR

For 5 generations, Bone Timber has been supplying quality timber to the trade in South Australia.

Established in 1919, Geo. J. Bone trades with very similar goals in mind as they did in 1919 – providing a quality product to our customers at a fair price. We take great pride in our homes as a family and expect to sell to you and your builder exactly the same material as we would use in ours.

We pride ourselves on delivering ethically sourced and sustainable, quality timbers
